HOME SCHOOL

OBJECTIVES

Behbud Homeschools have been imparting education to the less privileged street children in a happy and safe environment.

We intend to continue our services to the community with great determination and passion

- **All the schools achieved 99 % result.** Parents were invited on the result day for orientation program.
- An amount of **PKR 2,984,340** was generated through student's fee.
- Morning assemblies are more effective now by teaching **health and ethics** in morning.

ACHIEVEMENTS

ACHIEVEMENTS

- ECE (Early Child Education) Afternoon program has been catered **maximum street children**.
- **Zero tolerance** against any kind of violence against children.
- Improved the school environment with great **artworks done by teachers**.
- **ECE program is fully packed** and we are facing difficulty to adjust new admissions.
- Behbud Homeschools children got admission in secondary schools and they **ranked on the merit list**.
- Maximum number of **street children got admission** in Behbud Home schools.

ACHIEVEMENTS

- A team from XFlow research, IT Company thrilled to work with Behbud. They chose Sohan homeschool to help. They provided a complete system of UPS and stationary. They promised to provide uniform and be our partner in helping the needs of Sohan School.
- Support a child program was launched and initiated and generated a considerable of amount towards helping needy students.
- All schools following single national curriculum.
- Another milestone is a clinical psychologist conducted Health sessions with school staff, children and community.

- Education committee meeting was held in Saidpur Complex.
- Students learning objectives-based scheme of work introduced for effective teaching and learning.

ACTIVITIES

ACTIVITIES

- In-depth teachers training.
- Virtual meetings and use of WhatsApp to facilitate the learning process.
- Additional Emphasis on Reading classes.
- White wash and maintenance work of school buildings has been done.
- Room coolers provided.
- Books and stationery distributed in all schools.
- New term started from April 2023 and new admissions are open.
- 10 percent increment in salaries.

ACTIVITIES

- Operational and Academic Management module for Head teachers followed by social studies, English and science subjects conducted.
- 300 set of Eid clothes were distributed among the needy children and their families through donations during Ramadan-ul-Mubarak.
- Academic calendars for 2023 was developed.

- Sohan school building is changed. New building is safe and the monthly rent is Rs 20,000 whereas the previous building rent was 44,000.

ACTIVITIES

- Syllabus break down with scheme of work for three terms were planned and implemented.
- Teachers are provided with complete learning guide.
- Our children participated in Human Flag Formation at the F 9 Park. This event was organized by the Directorate of sports and culture on the 12th August to mark the 75th birthday of Pakistan.
- Lot of possibilities were shared for the training programs in coming year with the trainers of DIL. The team Dil appreciated the efforts of education supervisor for planning trainings and observing eight homeschools.

ACKNOWLEDGEMENT

**we are thankful of
our donors and
sponsors for their
generous support.**

WAY TO GO

LOREM IPSUM

Future plans and targets

- Establish a sustainable homeschooling system
- Educate street children aged 12 to 15
- Provide an Auxiliary learning program
- Assist children without formal education to complete primary education
- Develop skills based learning on children's interests
- Implement spelling bees in schools
- Incorporate moral education through role-playing activities
- Educate teachers and children on how to handle emergency situations

THANK YOU
